RAPIDO 

RAPIDO: SETTING THE STANDARD FOR 60 YEARS

DEAR MOTORHOME ENTHUSIASTS,

Since designing the very first RAPIDO motorhome, the Randonneur 410, we have continued to perfect our models by paying close attention to our customers' feedback and needs.

Our design teams have created a new crop of vehicles for 2022 packed with new features. As you browse our catalogue, you will feel the winds of change blowing through RAPIDO.

However, the numerous improvements remain in line with our DNA: creating an unmatched warm atmosphere that has naturally been handed down to us through Constant Rousseau's expertise as a craftsman, a cabinetmaker and the company's founder in 1961, and guided by the unconditional love of a job well-done.

60 YEARS OF HISTORY

When my father Constant Rousseau created his first recreational vehicle 60 years ago, he had only one goal: "To make something beautiful for everyone."

His cheeky, joyful ingenuity, elegant taste and generosity in his quest to "always improve" remain the blueprint for our creativity, French charm and savoir-faire.

Rapido draws its creative spirit from continuously improving our motorhomes. This allows us to constantly reinvent ourselves and means that we're often a market forerunner.

You can see it in the pride each one of our employees takes in a job well done and through our use of high quality materials. This year, thanks to you, we are celebrating 60 years of the RAPIDO brand with you. To mark this occasion, we have created the 60 EDITION special edition.

Our history together goes beyond our models, encompassing our collaboration with our customers so you can experience wonderful journeys along roads and across landscapes aboard your RAPIDO motorhome.

UNIQUE UPHOLSTERY

Models in the special edition anniversary series have received special treatment and feature exclusive 60 EDITION upholstery. This high-end upholstery elegantly blends TEP* yokes with contrasting piping around the seat and backs. The matching stitching creates a beautiful effect. The leaf pattern on the seat back padding completes this brand new style. Lastly, three cushions in on-trend colours and materials add a modern touch to your interior to create a “home-like” living room.

CAREFULLY-BALANCED DESIGN

We have taken great care to balance the living space and the cab area. To achieve this inside the A-Class motorhomes, the cab bed bottom now has a brand new finish. Its locking mechanism is practical and discreet, with a simple handle. The overhead cupboard shape has been redesigned to perfectly blend with and continue on from the cab bed, revealing a modern and dynamic look.

IMPRESSIVE EXTERIOR DESIGN

NEW REAR PANEL

Driving takes on a new meaning aboard your DISTINCTION*. Be swept away by the elegant shape of the new rear panel. Inspired by luxury cars, it will make you stand out on the road with its flowing lines and crafted shape.

UTTERLY DIFFERENT!

At first glance, it is easy to see the changes. The rear panel features a dynamic, elegant shape. The new pillars house polyurethane taillight units with two-tone lenses, inbuilt logo and carbon-inspired branding. They perfectly match the new rear bumper specially designed for this restyling.

STYLE THAT DELIVERS COMFORT

Here at RAPIDO, we strive to achieve both style and practicality. Our new rear spoiler features a third brake light for completeness. And it also has inbuilt space and wiring for a reversing camera.

* Except i1066 and i1090.

C86

A SUPER-CHARGED SERIES

RAPIDO has developed a brand new model for the 2022 Collection: the C50. This compact low-profile motorhome is only 6.59 m in length, making it the shortest central bed model in the RAPIDO Collection! Yet it still offers onboard comfort worthy of the biggest models: 190 cm-long central bed, living room with L-shaped bench seat, pass-through storage area and more.

SERIES 8F

FOCUS ON THE LIVING ROOM AND SOCIALISING

COMPACT YET GENEROUS

At only 6.70 m long, the new 854F successfully combines a compact size with a large rear living room. This model's layout has been designed to offer you a brand new travel experience. To optimise its space, this model features DUO'SPACE in the bathroom so you can enjoy a functional room that alternates between toilet and spacious shower, without impinging on your living spaces.

FOCUS ON THE LIVING ROOM

The 854F boasts a large rear living room with settee and can hold up to seven people. This means you can comfortably gather around the table to enjoy a good meal. The 854F also offers great storage. It features an XXL wardrobe with shelves inside the cupboards, a full-height hanging rail and a backlit wine rack.

FOODIES WILL LOVE THIS

Take your time when travelling! It's a chance to explore farmers' markets in search of the best fresh produce, and take your time preparing delicious food while enjoying the sea view! This dream can now become reality thanks to the new kitchen designed exclusively for the 854F. Its generous worktop provides all the space you need while preparing your dishes. And the wire basket is ideal for storing all your supplies and other items. The raised kitchen bar beside the large living room adds a finishing touch to this unique model.

854F

SERIES 8F

A RESTYLED CLASSIC

A NEW ARRIVAL

The launch of the 855F shines the spotlight on Series 8F in the 2022 Collection. This model only measures 6.79 m long but contains all the comfort you need to enjoy great journeys.

SLEEP SOUNDLY

Another enjoyably full day comes to an end. You have earned a good night's sleep. So relax into the comfort of your RAPIDO bedroom. The 855F's twin beds are both generously sized: one measures 85 x 194 cm and the other 85 x 204 cm. They can also convert to a full-width double bed. The mattresses feature BULTEX® foam and sit on an aluminium bed frame with active multilayer slat base.

COMFORTABLE, OPTIMISED SPACES

RAPIDO has installed its DUO'SPACE with a swivelling partition in the bathroom to optimise the spaces without compromising on comfort. The partition hides the toilet area when revealing the shower area.

The KEYLESS START authorisation system lets you start your engine without using a key, simply by pressing the start button and the clutch or brake pedal. This also manages the Stop & Start function.
