Vehicles designed for family life

ITINEO is a young and innovative brand making family motorhome trips simple and accessible. Our vehicles are designed for families who wish to live unforgettable moments together and discover the world freely, with a difference.

Models designed for family life

Each ITINEO model has been designed to meet the daily needs of family life. The layouts in our motorhomes offer true freedom of movement and a smooth organisation. Up to 6 berths, bunk beds for children, clever spaces like a rear dinette or a generous central living space: everything is designed in a functional and cosy environment for common life.

Storage space to carry all the essentials

Family travel requires storage for all.

ITINEO models include very large, accessible and modular storage volumes.

Their spacious storage areas will hold strollers, bicycles, sport gear or large luggage. Each and every element will find its place without having to choose between comfort and equipment thanks to the large interior storage areas.

Room for everyone, moments for each of you

An enjoyable trip is one that starts with an interior making life easy. ITINEO models

are spacious and well-designed: larger living spaces for enjoyable meals or games, modular bedding and handy storage for an organized and enjoyable interior. Spaces dedicated to children, relaxing areas for parents: the perfect balance between freedom and sharing.

New in Collection 2026

A large living room optimized with the PS740

New in 2026, the PS740 of the ITINEO COZI range is designed for families looking for comfort and practicality. With its spacious living room, its rear kids' bedroom, its full-width washroom and large wardrobe, it ticks all the boxes for several travellers, without compromise. Its XL living area door facilitates access on board.

JC740

An innovation with the JC740

In the ITINEO FAMILI range, the JC740 is the innovative motorhome in Collection 2026, fitted with electrically adjustable twin-beds*. A real plus to organize the layout to meet your needs. Enjoy shared moments and freedom of all, for the pleasure of the entire family.

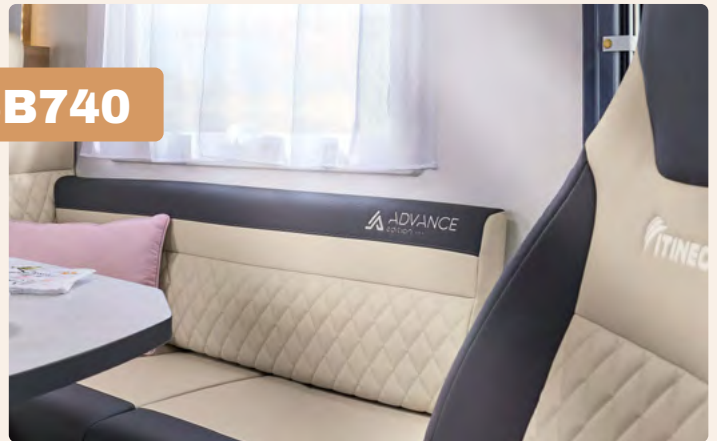

Enhanced styling with the ADVANCE EDITION

Our SPIRIT EDITION leads the way to ADVANCE EDITION on our MC740 and SB740 models. New outside design, exclusive upholstery, modern style: a limited edition ideal for those looking for elegance and singularity.

INFORMATION AND WEIGHTS

Weight is a key consideration when choosing your recreational vehicle (motorhome or campervan), alongside layout and design. Each motorhome has a maximum weight that must not be exceeded when driving on the road.

Scan this code for information to help you choose the right configuration, according to the weight restrictions, when selecting your new vehicle from our range.

Travel carefree with ITINEO

WARRANTIES

- 2-year chassis and living area warranty
- 5-year watertightness warranty

In addition to the contractual 2-year warranty for your vehicle and the manufacturers' warranties on original accessories installed during assembly, you enjoy a 5-year warranty on furniture frames and watertightness when you have your vehicle moisture-checked annually during the 4 years after it is first registered. The warranties covering all accessories installed at the dealership are provided by the original manufacturers under their terms and conditions, through the dealer. The chassis warranty is provided by the chassis manufacturer. Cost of transport is borne by the customer. Motorhomes, campervans and vans are designed for leisure use. Under no circumstances are they intended to be used as a permanent home.
