

2026 MOTORHOME
COLLECTION

ALWAYS GAME ALWAYS PILOTE

PILOTE

WHEREVER YOU WANT, WHENEVER YOU WANT

Driving a Pilote, you are always ready to go. Anywhere. All the time. Leave behind overbooked hotels and routes that rule out the unplanned.

Head for out to your favourite places. Go and explore new destinations. Go find freedom. The freedom to change your mind and travel as you like, planning nothing or planning everything, going home early, extending your stay, to make the most of every little extra happiness.

Make your life one great escape. Because every trip you make, you will always be able to rely on your trusty Pilote to take you on your way.

We can always bring this spirit of discovery and innovation, with their contemporary and refined design where natural materials meet clear space, for models that are always more comfortable, functional and elegant. To bring you even more freedom, we are always imagining new layouts: configurations designed to suit your desire to roam. There will always be a Pilote custom-made to take you on your way.

Now it's up to you to decide where you wish to go and what adventures you wish to live. And we will take you there! Ready?

ALWAYS READY TO GO, ALWAYS A PILOTE.

LOW-PROFILE MODELS

COMPACT VEHICLES WITH AN ADVENTUROUS MODERN LOOK READY FOR ADVENTURES

These well-equipped low-profile models are compact yet offer great interior space, so you can travel anywhere you want. Tempted to enjoy a romantic getaway in the French Alps? Or to explore Andalusia with the family? Atlas gives you the freedom to do it all!

ESCAPING TO THE FOOTHILLS OF THE ALPS

READY FOR THE GOOD LIFE

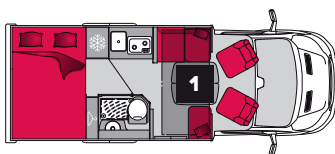

Finally, Anna and Simon's long-awaited holidays are here! They head to Saint Rémi de Provence, the capital of the Alpilles, where majestic mountains and pure air await them. On board their compact low-profile they can easily make their way through villages and between the never ending lavender fields. They plan to make the most of every moment!

A COMFORTABLE, COMPACT VEHICLE THAT'S AS EASY TO MANOEUVRE AS A CAMPERVAN!

- + A compact, go-everywhere vehicle that's no longer than a campervan (6.30 m): ideal for winding roads and small villages.
- + A comfortable lounge for 5 people with high-density foam face-to-face bench seats for comfort, and that easily convert to driving seats.
- + A relaxation area offers a dropleaf central table ensuring more room to move around a number of high cupboards for easier stowage.
- + An interior bathed in natural light streaming through the side windows and the opening skydome.

AN OPTIMISED, WELL-EQUIPPED KITCHEN.

- + A cleverly designed kitchen that brings you everything you need in a well thought out space.
- + Quality appliances: a 142 L absorption refrigerator, two gas burner hob, sink cover to extend your working space.
- + Plenty of smart storage is also provided to hold your utensils and supplies: drawers and pot drawer, high cupboards, a spice rack. Everything you need to prepare some great meals!
- + A bright area day and night, thanks to a skydome and LED lights that save energy.

FEELING ADVENTUROUS

To make the most of their time, Anna and Simon alternate hiking with peerless views of the region's valleys and taking a dip in Lake Peiroou.

Then, every night the same ritual: after effort comes comfort! A hot shower, a herbal tea in bed, while checking out a map of the region to find their next adventure.

INGENIOUS SPACES FOR GREATER COMFORT

- + Dedicated sleeping space with a transverse garage top 140 x 200 cm bed with a Bultex® mattress on slatted bed base. A bright area (thanks to the windows and reading lights), isolated from the rest of the vehicle by a dividing curtain.
- + A 100 x 200 cm electric drop-down bed, a rare amenity in a vehicle this compact and an extra bunk are available optionally in the lounge to host 2 more people.
- + A large, separate, bathroom with natural light and ventilation thanks to a skylight. Yet it remains clever and convertible thanks to a removable partition that lets you transform the toilet/washbasin space into a shower.
- + A 1,942 L storage area accessible from both sides, ideal for storing your outdoor furniture and/or bikes.

DREAMS OF ANDALUSIA

UNDER THE SUN OF ANDALUSIA

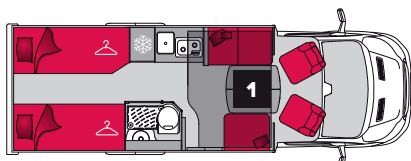

Chris and Mark love to escape, taking in the coast of Andalusia with their two little explorers. Aboard their compact motorhome, every stop is a new adventure: a picnic on the cliff tops, visits to majestic gardens, an evening under the stars and tired but happy childish laughter. Fun times!

A FEELING OF SPACE IN A COMPACT SIZED VEHICLE

- + A compact sized vehicle that is 7 m long, with true dedicated space areas.
- + A face-to-face lounge area seating up to 5 people to dine and rated for 4 passengers when on the road.
- + High-density foam benches that are easy to convert to driving seats to head off.
- + Folding centre table for ease of movement.
- + A particularly bright room thanks to the various sources of natural light (with opening windows and skydome) along with multiple LED lights.
- + Plenty of high storage space (cupboards, niches...) let you store all of your personal items.

A COMPACT AND INGENUOUS KITCHEN

- + A clever and handy kitchen designed to be functional while optimising space.
- + Essential, quality appliances are provided: a 142 L absorption refrigerator, a two gas burner hob and a sink cover to extend your working space.
- + Intelligent storage solutions, like soft-close drawers, a saucepan drawer, easily accessible high cupboards and spice racks, so that you can keep your utensils and ingredients well organised.
- + Inside space is bathed in light thanks to a large window and attractive interior lighting.

YOUR TRAVELLING HOME, FOR ABSOLUTE FREEDOM

Cosy and functional, this little family's motorhome suits their every need. The lounge becomes a place for colouring, the storage area hides beach treasures and the bunks host dreams of faraway escapes. Tomorrow, Seville maybe or a hill village and its white buildings... No matter, the road belongs to them.

3

4

AN SEPARATE BEDROOM, A CLEVER BATHROOM AND A LARGE STORAGE AREA

- + Separated by a curtain, the bedroom has 2 twin beds 80 x 200 cm and 80 x 192 cm. As standard, there is space for an additional transverse king size bed!
- + Optionally, an electric drop-down bed 140 x 200 cm in the lounge along with an additional 84 x 200 cm bed where the benches are can be added.
- + A well designed, modular and 2-in-1 bathroom is provided thanks to a removable partition allowing the toilet/washbasin space to convert into a shower.
- + A transverse and lowered storage area of 2,830 L with a height of 1.2 m lets you take high and outsize objects like bikes.

THE 5 REASONS TO BUY A PILOTE SLIMLINE LOW-PROFILE

Selecting a slimline low-profile motorhome means more than choosing a vehicle with a unique design and an 'adventurous modern' look. It also means:

1 MANOEUVRABILITY

- A slimline vehicle: 2.2 metres wide.
- A compact low-profile model under 7 metres long.
- An easy to drive motorhome with dimensions that are easier to get used to.
- A vehicle that is easy to manoeuvre and park.

2 COMFORT

- A well-designed and practical interior.
- Unhindered movement between the cab and bedroom.
- A bright and welcoming lounge providing a great socialising space.
- A well-equipped, user-friendly kitchen.
- A comfortable bathroom, cleverly designed to optimise space without affecting practicality and comfort.
- Comfortable, generously sized beds.
- 4 driving seats in all models: ideal for family travel.
- High quality materials.

3 STORAGE SPACES

- Plenty of storage throughout the vehicle: wardrobes, high closets, niches...
- A side-skirt storage drawer (standard) for more exterior storage (except for A630G).
- A large and lowered pass-through storage area for easier loading, handy for storing bikes.

EXCEPTIONAL

- High gross vehicle mass as standard. Always licensed for four passengers.

4 INSULATION

- **ISOTEK** bodywork: technology that boosts insulation. This exclusive Pilote technology makes every vehicle robust and durable. From our choice of materials to the well-honed manufacturing process and quality assembly, we work meticulously to deliver high quality thermal and acoustic insulation.

To find out more, head to pages 42-43.

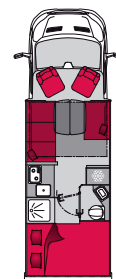

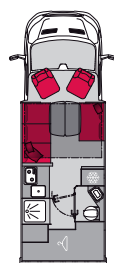

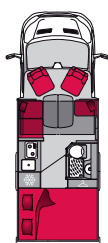

5 TECHNOLOGY

- An Xperience 2.0 tablet for easy motorhome management, featuring a touchscreen for checking fresh and waste water tank levels and controlling lights and battery charge sources.

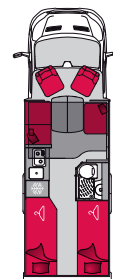

PANORAMA SLIMLINE LOW-PROFILE

In the Atlas range, Pilote has returned to its roots and reconnected with a long-standing partner. In the 1980s, Pilote founded a solid collaboration with Ford® and became the European market leader with the famous R360 model. In 2023, to celebrate its 60th anniversary Pilote proudly presented its new Atlas range: a series of compact vehicles on a Ford® chassis with a 'seasoned traveller' style. For 2026, Pilote is adding two vehicles to its slimline low-profile range to meet every need.

PACIFIC

LOW-PROFILE MODELS

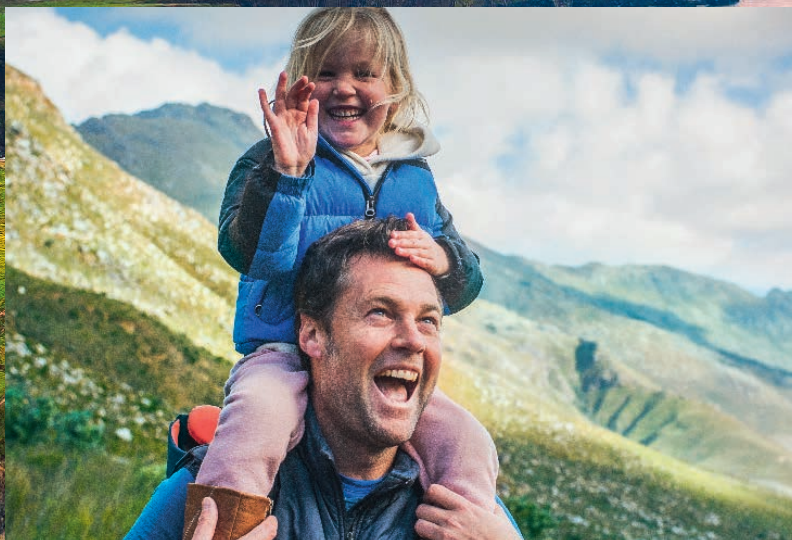

ERGONOMIC AND SPACIOUS VEHICLES FOR ALL TRAVEL STYLES

Pilote low-profile model interiors, both with and without a drop-down bed, are optimised to ensure that each living area is functional and enjoyable whether you are travelling as a twosome or foursome. Feel like getting a lungful of fresh air in Ireland? Recharging your batteries in Brittany with a salty getaway? In your Pacific low-profile, unforgettable holidays are just on the horizon.

BACK TO IRELAND

A WELCOME RETURN

A TRAVEL LIFESTYLE

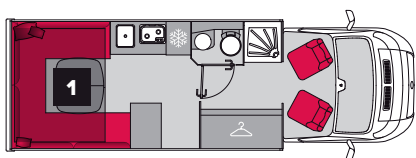

Lucy and John know this island well. The couple travelled all over it when they were younger, but on motorbikes. Today, they do their road trips in a Pilote motorhome with their daughter Lily on board. They get the same joy of exploring, but in comfort!

A NEW EXTERIOR DESIGN AND FULLY OPTIMISED INTERIOR SPACE

- + A new, more daring and elegant exterior design along with the modernised rear of the vehicle: you will be noticed!
- + A very large U-shaped lounge that can host up to six people: ideal for remote working or sharing never to be forgotten moments together.
- + Large comfortable high-density foam benches that are perfectly suitable for a short nap, with no need to lower the bed.
- + A very wide interior space for easy movement and a dropleaf central table and sliding top to free up even more space.
- + A truly bright space with a peerless view of the surrounding countryside, thanks to three big windows.

2

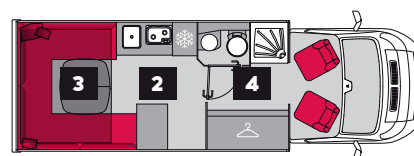

AN ELEGANT AND WELL THOUGHT-OUT KITCHEN

- + An elegant space, thanks to modern design and quality materials.
- + A functional, handy and easy to use kitchen: everything has been thought out so that you can cook just like you would at home!
- + A well equipped space, with a two gas burner hob and a 142-litre absorption refrigerator.
- + Plenty of storage areas are provided to put away your dishes and utensils: soft-close drawers and easily accessible high cupboards.

ADVENTURE AROUND EVERY CORNER

John is looking forward to a tasty cup of tea and a hot shower. The day was a rough one and tomorrow, the whole family will be up at dawn to discover the Cliffs of Moher at sunrise. So to be in shape, there is only time to read a couple of pages in bed tonight, then off to sleep.

3

4

A COSY SLEEPING SPACE, A LARGE BATHROOM AND A VAST STORAGE AREA

- + A full-size powered drop-down bed (160 x 200 cm) in the lounge.
- + A very large additional sleeping area in the lounge (another 160 x 200 cm size bed) is optional to complete the sleeping space, making it comfortable for four people.
- + A large bathroom cleverly located between lounge and cab, with a separate shower.
- + To make it handier, you have the benefit of a large wardrobe right opposite the bathroom, with a number of shelves, hangers and a large mirror.
- + Right under the wardrobe, you can gain access from inside into the side storage area. With 1,330-litres of space, this area lets you easily bring your outdoor table and chairs with you.

POPPING ACROSS TO BRITTANY FOR FUN TIMES

FAMILY TRADITION

For Emma and James, summer holidays with Nana and Poppa in their motorhome have become a tradition! Days at the beach, brioche for afternoon tea, long evenings spent reading books: paradise! But what they love most is playing cards just before dinner while watching the sun set.

A UNIQUE DESIGN AND A VEHICLE WITH WELL THOUGHT-OUT VOLUMES

- + A new exterior design, a sportier back and optionally, a beautiful black cab, it all looks incomparable!
- + The ultimate comfort of a vehicle that offers true dedicated spaces, from the lounge to the bedroom.
- + A large, social lounge that seats five people.
- + Comfortable L-shape benches in high-density foam that quickly and easily convert to driving seats. A fifth driving seat can be added as an option.
- + A dropleaf central table, for easier movement through the living area.
- + A bright lounge thanks to the large skylight and good looking windows on either side.

A LARGE FUNCTIONAL KITCHEN

- + A large counter top, extended by the cover over the sink for even more space and a two-burner high efficiency hob.
- + Plenty of handy storage places are available, with the high cupboards, soft-close drawers, a pot drawer below and two spice racks.
- + Opposite the kitchen, a 141-litre Thetford absorption refrigerator, ideal for storing fresh produce during your travels.
- + A bright and really pleasant kitchen, thanks to the window right over the counter top.

LIVING LIFE TO THE FULL

Poppa gave James a present: his first fishing rod. Yesterday they spotted a tree-lined freshwater lake with calm waters where they could spend the day. Back at the motorhome, it's shower time for everyone! And after a hearty supper, everyone goes to bed in their own bed and sleeping space: the children in the lounge, the grandparents at the back, in the bedroom.

3

4

A COSY BEDROOM, AN INSULATED BATHROOM AND PLENTY OF STORAGE

- + A large bedroom with two single beds (80 x 200 cm and 80 x 194 cm). Take advantage of a standard bed extension to create a king size 170 x 205 cm bed!
- + Optionally, choose the double drop-down bed (135 x 200 cm) or additional sleeping space in the lounge (100 x 200 cm).
- + An independent bathroom, separated from the bedroom and the lounge by a double partition system. A bright and well ventilated full-width room thanks to the two windows and with a separate toilet for greater privacy.
- + Thanks to twin beds, take advantage of a very large storage area with no handling required: full-width and lowered, with a useful height of 1.1 m and a volume of 3,000-litres, ideal for protecting your bikes day or night.

THE 5 REASONS TO BUY A PILOTE LOW-PROFILE

NEW

1 EXTERIOR DESIGN

For 2026, we have completely rethought the design of our Pilote low-profile motorhomes! With a more contemporary and characteristic design, their new distinctive appearance will steal the show on the road, thanks to:

- new, uniquely styled, exterior stickers;
- a new more modern and dynamic back panel;
- an (optional) black awning, that brings a true touch of elegance to set off the vehicle's lines;
- a black cab (optional too) for an even more stand-out appearance!

Thanks to our Pilote low-profile motorhomes, you will always be unique on the road!

2 CUSTOMISATION

- 4 different lengths.
- 12 layouts to suit all travellers and travel styles.
- Packs designed to make your life easier.
- Some 70 options available for even more customisation.

3 COMFORT

- A well-designed, practical, aesthetic interior.
- Unhindered movement between the cab and bedroom.
- A bright and welcoming lounge for socialising.
- A functional, well-equipped kitchen.
- Generous sleeping spaces with a large, comfortable bedroom and an optional drop-down bed in the lounge available for a range of models.
- At least four driving seats in all models for family trips.
- High quality materials.

4 STORAGE SPACES

- Generous storage spaces throughout the vehicle.
- A side-skirt storage drawer available on all models for more exterior storage.
- A wide, often pass-through, storage area with a lowered tray for easier loading.

EXCEPTIONAL

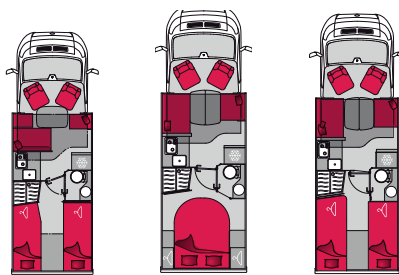

- A high gross vehicle mass as standard (including a trailer hitch, if this option is chosen) and the ability to tow a trailer of up to 750 kg. Always licensed for four passengers.

5 INSULATION

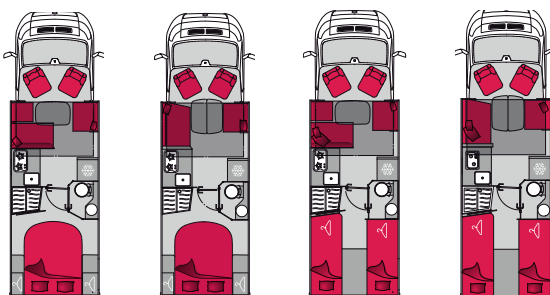

- **ISOTEK** bodywork: technology that boosts insulation. This exclusive Pilote technology makes every vehicle robust and durable. From our choice of materials to the well-honed manufacturing process and quality assembly, we work meticulously to deliver high quality thermal and acoustic insulation.

To find out more, head to pages 42-43.

GALAXY

A-CLASS

VEHICLES WITH PANORAMIC VIEWS FOR JOURNEYS TO FAR-AWAY DESTINATIONS

Pilote A-Class models feature well-designed spaces, plenty of storage, a wide cab and great standard fittings, providing even more comfort to adventurous travellers daring to tackle any and every journey in search of new horizons. A long getaway exploring Europe? A few weeks at the seaside with the grandkids? Anything is possible aboard your Pilote Galaxy!

ON THE ROAD TO THE JURA LAKES

OFF THE BEATEN TRACK

This summer, Catherine and Henry are exploring the Jura lakes, once again indulging their passion for the back roads. Between the lake of Bonlieu and the charming village of Charézier, they have uncovered some hidden gems. For them, true luxury is freedom, comfort and a breathtaking view of the Alps from their motorhome. Nothing can beat the peace of nature...

THE PERFECT COMBINATION OF PERFORMANCE AND PRACTICAL FEATURES

- + Ultra high-performance appliances for even more comfort: hybrid heating fuelled by diesel and electricity, a compression refrigerator as standard, a high capacity lithium battery and a more powerful, optional, power converter... *To find out more, head to page 38.*
- + A roomy and inviting, lounge that can seat five.
- + Large face-to-face bench seats that easily convert to driving seats.
- + A dropleaf central table, for easier movement.
- + Plenty of light through the large side windows and a great panoramic view from the cab: really pleasant for the driver and the passengers in the back (as the floor height is the same).

A WELL-EQUIPPED, USER-FRIENDLY KITCHEN

- + A kitchen with high-performance appliances for cooking in the best conditions.
- + This includes a two-burner high-efficiency hob: now the only appliance that uses gas on-board.
- + An electric powered 158-litre compression refrigerator. It cools quicker than an absorption refrigerator and operates optimally even with high outdoor temperatures. It offers more storage space than a gas-fired refrigerator and it ensures better vehicle insulation as there is no outside air vent any more.

A PLEASANT TRIP

For this crossing they needed a vehicle that combined pleasure behind the wheel and everyday well-being. Their A-class was the perfect choice: roomy, bright thanks to its panoramic roof, it makes every mile travelled a pleasant one. That night they camped by shore of Lake Prags, with its deep blue water, that lies at the foot of the majestic Seekofel. Dubbed the "pearl of the Dolomites", this is a place that seemed to emerge from a dream.

3

GENEROUS AMOUNTS OF SPACE FROM BEDROOM TO STORAGE AREA

- + A separate bedroom with a large island bed (150 x 190 cm) for two people with a Bultex® mattress on a slatted bed base. Moving around the bed made easy, handy for changing the sheets and accessing the two nice wardrobes on the sides.
- + A roomy bathroom with a skylight for more light and fresh air, a separate toilet for greater comfort. Its dual partition system and the height available in the separate shower (1.88 m), invites you to relax.
- + Multiple indoor storage areas along with the large, full-width, 2,200-litre storage area with lowered tray for easier loading. Opt for the optional electrically adjustable bed height to gain even more storage in the hold (up to 2,540-litres).

4

A PANORAMIC VIEW OF NORWAY

DISCOVERING FJORDS

Amy and Philip are newly retired and seeking new adventures as they strike out across the Norwegian fjords with their trusty travel companion. For such a long trip, they needed the best chassis: AL-KO®. The majestic mountains plunge into the crystalline waters and every turn reveals a new panorama of picturesque villages where coloured houses dot the shores.

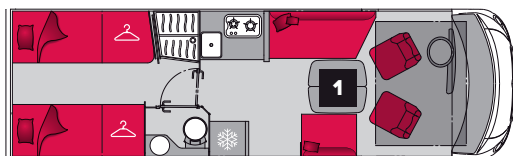

THE IDEAL BALANCE BETWEEN PERFORMANCE AND COMFORT

- + Once again, ultra high-performance appliances for ever more comfortable trips: hybrid heating and a compression refrigerator as standard, an optional lithium battery and power converter... *To find out more, head to page 38.*
- + A very well equipped vehicle with only the best as standard: automatic transmission, 16" alloy rims, duckboards, awning, side skirt storage drawer...
- + A comfortable lounge for 5 people with face-to-face bench seats. And a panoramic view out thanks to the wide windscreen in the cab.

The advantages of the AL-KO® chassis:

- + A 21 cm high double floor with multiple storage areas on either side, accessible from both the inside and the outside.
- + Excellent road handling, superior driving comfort and greater stability thanks to independent suspension on all four wheels.

2

A HANDY & LARGE KITCHEN

- + A large counter top for convenient cooking.
- + A kitchen with high-efficiency appliances for cooking like a chef: two-burner gas hob and 158-litre compression refrigerator.
- + Multiple storage areas for putting all of your utensils away: high cupboards, soft-close drawer units with pot drawers, spice racks...
- + There is plenty of light thanks to the natural light that comes through the window during the day and the LED lights inside ready to takeover once night falls.

DIVING INTO NORWEGIAN CULTURE

The two of them taste local specialties like elk stew and fresh salmon that they also enjoy cooking in their large, fully equipped kitchen. After a full day of discoveries, between Viking museums and folk music concerts, they are ready for a hot, reassuring shower before putting their heads down in their cosy bed.

A COMFORTABLE LARGE, BATHROOM WITH EVERY COMFORT AND LOTS OF STORAGE SPACE

- + A separate bedroom with two single beds (80 x 210 cm and 80 x 204 cm). A bed extension between the two beds is also included as standard for an extra large bed!
- + A 135 x 190 cm drop-down bed is included as standard to increase the sleeping capacity, all without affecting lounge use in night mode; ideal for early risers.
- + A large, independent, full-width and bright bathroom (thanks to two skylights with flyscreens) and a separate toilet for greater comfort.
- + Thanks to its full-width, lowered, storage area, the G781FGJ ensures easy loading and offers an exceptional amount of storage space (3,299-litres). This way you can take your bikes and other bulky items along with no need to compromise.

THE 5 REASONS TO BUY A PILOTE A-CLASS

NEW

1 PERFORMANCE

In 2026, you will travel in even greater comfort in your Pilote A-class, thanks to the new, more efficient equipment for more powerful vehicles:

- A 200 or 300 Ah lithium battery (optional), to onboard even the most energy consuming equipment.
- A battery booster (as standard) to recharge your cell battery even faster when driving.
- Two 100 W monocrystalline solar panels with new (optional) TOPCon technology, to recharge your battery even faster.

Now your gas consumption will be limited to just the hob, as you will have:

- A combined 6,000 W hybrid Truma® D 6E heater that runs on diesel fuel and electricity (230 V) and that brings up the temperature faster and ensures greater autonomy than gas.
- An electric compression refrigerator that cools faster than gas-fired ones, provides more storage space and improves vehicle insulation as it no longer needs a vent grille.

2 CUSTOMISATION

- 4 different lengths and 12 layout models meet the needs of every adventure.
- Packs designed to make your life easier.
- Some 60 options available for even more customisation.

3 COMFORT

- Really comfortable on the road with plenty of driving space and **an exceptional panoramic view through the XXL windscreen.**

- A well-designed, practical, aesthetic interior with plenty of space in each room.
- Unhindered movement between the cab and bedroom.
- Generous sleeping spaces with a large bedroom at the rear and **a drop-down bed (as standard) in front**, leaving an easy path to the lounge, even when lowered.
- Natural light streaming through the windows and skylight.
- At least four driving seats in all models.

4 STORAGE SPACES

- **Generous storage space throughout the vehicle, particularly in the floor, accessible from the inside via hatches.**
- A side-skirt storage drawer (option) for more exterior storage (except with AL-KO® chassis).
- A wide pass-through storage area with a lowered tray for easier loading.

EXCEPTIONAL

- A high gross vehicle mass as standard (including a trailer hitch, if this option is chosen) and the ability to tow a trailer of up to 750 kg. Always licensed for four passengers.

5 INSULATION

- **ISOTEK** bodywork: technology that boosts insulation. This exclusive Pilote technology makes every vehicle robust and durable with quality insulation. *Want to know more? Go to pages 42-43.*
- An insulated, heated double floor that keeps the systems frost-free.

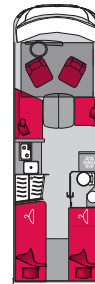

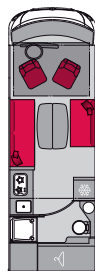

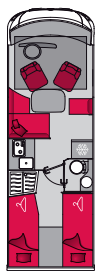

BENEFITS OF A-CLASS MODELS ON AL-KO® CHASSIS

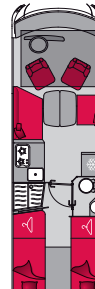

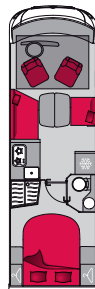

- An insulated double floor that is 21 cm high, full-width and accessible from both the outside and the inside. Ideal for being able to take and store everything, even skis or fishing poles.
- Excellent road handling, superior driving comfort and greater stability. The chassis is lowered and equipped with fully independent suspension for all four wheels. The vehicle offers greater stability with a lower centre of gravity and a wider track.
- The tanks and waste water valve are located inside the double floor, making it well-insulated to prevent any risk of freezing.

60 YEARS OF EXPERTISE

MOTORHOMES THAT TAKE YOU EVERYWHERE

Here at Pilote, we have been designing and manufacturing our motorhomes for over 60 years, all the while imagining ourselves heading off on journeys with you aboard your Pilote. A French family company, we are passionate about recreational vehicles and customer satisfaction. This is why each of the 800 people working for our group cultivates the high standards, focus on quality, and respect for customers passed from generation to generation. Our expert blend of innovation and experience, industrial processes and artisanal methods, and creativity and reliability can be found inside your Pilote motorhome. Hit the road with peace of mind, travel further and enjoy more freedom: you'll always have a good partner.

The first caravan was made in La Limouzinière (Loire-Atlantique region) by André Padiou, in his father's carpentry workshop. That was when he founded his company.

André Padiou's brother Philippe joined the adventure. The workshop became too small. The first factory was built nearby. The premises were expanded several times until 1975.

Pilote made motorhomes affordable by launching the 'First by Pilote' range.

1962

1965

1976 – 1978

1981

1985

1992

A trip to the USA inspired the Padiou brothers' first motorhome: the over-cab R430. It was to be called 'Rally' but at the last moment the name 'Pilote' was chosen. The company was a pioneer. During this period, it recorded its first sales outside France.

Pilote invented the low-profile motorhome concept. With the business growing, Pilote boosted its production equipment.

Pilote released its first A-Class model, the R800DA.

Paris-Dakar: a motorhome driven by Laurent Bourgnon took part in the race for the first time. This event inspired the brand's new slogan: 'Make the World Your Home'.

Return of the iconic Galaxy and Pacific ranges. Pilote developed a wide range of products.

Pilote relaunched its motorhomes with no permanent bed: impressively compact models offering exceptional living space. Pilote became the leader in the French market.

1999

2004

2023

A new 10,000 m² Pilote factory opened in Membrolle-sur-Longuenée, near Angers (Maine et Loire region).

Pilote entered the campervan market in order to make vehicles to suit all motorhome enthusiasts.

To celebrate its 60th anniversary and further highlight its dreams of limitless travels and adventures, Pilote unveiled Atlas, its new range on a Ford® chassis.

OPTIMAL THERMAL INSULATION

Pilote constantly works on improving its assembly processes:

- Use of a new insulating material for the waste water tank and wheel arches, which has proven to be light and stiff.
- Introduction of fibroplast (glass-filled polyurethane) strips in the floor and sides. These more rigid strips ensure a solid connection between the sides and the floor and completely eliminate thermal bridges.
- New floor designs for the low-profile and A-Class models.

STRUCTURE
ISOTEK

1

FLUSH WINDOWS

Thanks to their double glazing and intruder-proof aluminium frames, they boost your motorhome's thermal insulation and security. They also filter out extraneous noise.

2

ALUMINIUM PROFILES

This solidly attaches the sides and top. The profiles prevent any distortion of the bodywork and make the motorhome robust and durable.

3

INSULATED WALLS

The side, ceiling and floor feature an insulating core. Rot-proof strips and aluminium inserts ensure stability of the bodywork and furnishings.

4

HAIL-RESISTANT ROOF

This polyester roof is impact-resistant. It is resistant to hail damage and other types of impact.

5

POLYESTER CLADDING UNDER THE CHASSIS

Keeps ground moisture out of the vehicle.

6

ALUMINIUM SIDE SKIRTS

This solid protective side skirt is easy to replace in the event of damage.

7

A STRONGER EXTENDED CHASSIS

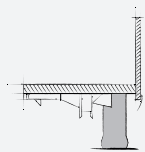

This way the storage area can hold a significant load (up to 250 kg) due to its robust structure and delivers a greater tow weight (maximum trailer mass (braked): 2,000 kg / (unbraked): 750 kg. This is standard on a Fiat® chassis).

8

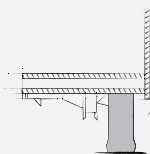

DUAL-SEAL HATCHES

To ensure that the storage area is completely sealed and insulated, all hatches are fitted with compression locks and dual seals.

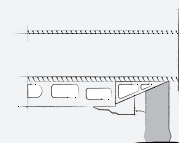

THICK FLOOR IN LOW-PROFILE MODELS

- With a total thickness of 50 mm, including 40 mm of insulation, the PACIFIC range's floor delivers excellent thermal performance.
- It holds the water and gas systems to keep them frost-free.

INSULATED DOUBLE FLOOR IN A-CLASS MODELS

- The double floor in the GALAXY range features a 13 cm shaft of heated air, further boosting its insulation performance.
- It also keeps the water, gas and electricity systems frost-free.
- Floor hatches provide additional storage space and access to the waste water.

A-CLASS STORAGE DOUBLE FLOOR ON AL-KO® CHASSIS

- The AL-KO® double floor features an internal height of 21 cm and is known for its high quality insulation.
- It keeps the waste water drainage valve and tanks frost-free.
- There are 6 interior and exterior access points to reach items stored in the double floor.

CHOOSING THE RIGHT RV FOR YOU

YOU ARE UNIQUE, SO YOUR PILOTE MOTORHOME SHOULD BE TOO!

With more than 30 different models and hundreds of configuration options, you can easily design the motorhome that best fits your needs and travel desires. As you browse the pages of this catalogue you'll discover key ways to create a truly unique motorhome, from your choice of rims, engine, interior finishes and more.

- 1 VEHICLE TYPE AND SIZE
- 2 LAYOUT

	SLIMLINE LOW-PROFILE	A-CLASS AND LOW-PROFILE
3 STANDARD FITTINGS	48	50
4 PACKS, TO MAKE YOUR LIFE EASIER	49	51
5 OPTIONS, FOR EVEN MORE CUSTOMISATION	49	52

1 SELECT YOUR VEHICLE TYPE AND SIZE

SLIMLINE LOW-PROFILE

FROM 6.30 TO 6.99 m.

Slimline low-profile models are mounted on a Ford® Transit chassis, letting you confidently head off on adventures. With their 'seasoned traveller' look, these compact slimline (2.2 m wide) vehicles deliver the perfect blend of style and performance. They are highly manoeuvrable and particularly easy to drive. And their smaller size makes them easier to park in unusual spaces. Now, thanks to their automatic transmission, their driver's assistance features and their 12" display included as standard, your trips will be memorable ones.

LOW-PROFILE MODELS

FROM 6.20 TO 7.45 m.

With their compact cab, the low-profile models are easy to drive. Designed on a specific chassis, Pilote's Pacific range delivers reliable, robust vehicles: sway bars for greater stability, adapted tyres, a wider rear track for better road holding, and a lowered chassis.

A-CLASS MODELS

**ON A FIAT® CCS
OR AL-KO® CHASSIS FROM 6.99 TO 7.89 m.**

A-Class models have a huge windscreen which is very much appreciated by those who enjoy watching the sunset from their living room. The large cabin and wide dashboard will also appeal to those with a taste for space. The Galaxy range sits on a Fiat® chassis, with models up to 7.49 metres long, and delivers great reliability and excellent road holding. Galaxy models are also available on an AL-KO® chassis, a top-of-the-range product that delivers safety, durability and top-notch driving comfort.

2 CHOOSE YOUR IDEAL LAYOUT

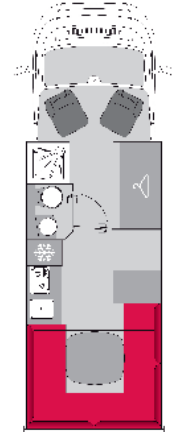

Choose an interior to suit your travel style from the different lounge and bedroom types and create a combination that meets your needs.

Face-to-face
lounge area

L-shaped lounge

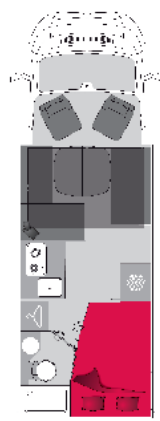

U-shaped
lounge

Island double
bed

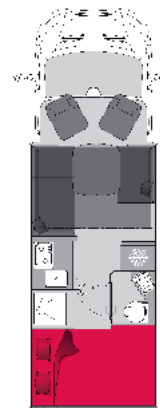

Twin beds

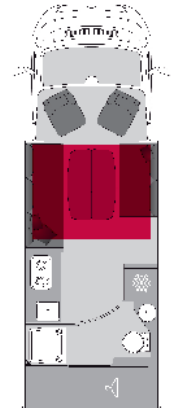

Twin beds

Bunk beds

Full-width
double bed or
garage bed

Non-permanent
drop-down
double bed

LOUNGE

Face-to-face lounge area

Features large bench seats and space to walk. Magnets let you switch the bench seats to their forward-facing position in only a few seconds.

L-shaped lounge

Particularly convivial and comfortable, a fifth driving seat can be added to certain models (the vehicle is then reclassified as a heavy goods vehicle at 3.65T).

U-shaped lounge

Very comfortable for socialising or working. Can seat up to seven people.

Also available: double dining lounge in P690S.

BEDROOMS

Island bed

Great sleeping comfort with plenty of space to walk around the bed.

Twin beds

Twin beds offer great versatility and convert to a king size garage bed with the standard bed insert.

No permanent bed

This layout gives you an outstanding living space in a compact vehicle.

Also available: bunk beds and corner bed.

3 ENJOY STANDARD FEATURES

CHASSIS – ENGINE

- Ford® chassis.
- 2.0-litre 165 hp TDCi engine with automatic transmission.
- 70-litre diesel tank.
- ABS (antilock braking system), ESP (electronic stability program), and Hill Holder (hill start assistance).
- Lane departure warning and lane assist.
- Collision alert and emergency braking.

EXTERIOR

- Halogen headlights, fog lights and LED daylight running lights.
- Tyre pressure monitoring system (TPMS).
- Puncture repair kit.
- LED lighting.
- 16" steel rims.
- Side skirt storage drawer (except A630G).

CAB FITTINGS

- Central locking and electric windows.
- Electric, auto-defrost wing mirrors with wide angle and blind spot.
- Rain/light sensors.
- Cruise control and speed limiter.
- Electric parking brake.
- Imitation leather steering wheel, hands-free kit and steering wheel controls.
- Automatic air-conditioning.
- Height-adjustable swivel seats.
- Driver and passenger air bags.
- Carpeted floor.

LIVING AREA FITTINGS

- ISOTEK bodywork – see pages 42-43.
- Opening skydome window.
- Foldaway electric entry step.
- Living area door with window, flyscreen and 2-point central locking.
- Sliding cab blinds.

MULTIMEDIA

- 12" Ford® car radio, compatible with Apple Car Play/Android Auto.
- Reversing camera.
- Xperience 2.0 digital control panel.
- Adjustable TV bracket with power supply.
- Wiring for automatic satellite dish and 4G router.

POWER

- Truma® Combi 4 (hot water/boiler - 4,000 W).
- Compartment for 2 x 13 kg gas bottles.
- Truma® Crash Sensor regulator/switch for using heating while driving.

- Booster for fast battery recharging.

LOUNGE

- Panoramic skylight.
- High-density foam bench seats and height-adjustable headrest.
- Face-to-face lounge area and dropleaf central table.

KITCHEN

- Soft-close drawer unit with pot drawer.
- Stainless steel sink with cover.
- 2-hob gas stove top with cover: 1/1.7 kW.
- Absorption refrigerator (automatic control) 142 L.
- 230 V and dual USB outlets (except on A630G and A690GJ).

BATHROOM

- Concealing skylight with flyscreen.
- Thetford toilet with removable cassette® on castors.
- 230 V power outlet.

BEDROOM

- Slat base, comfort mattress and reading lights for permanent beds.
- Bed insert between twin beds (170 cm long).
- 230 V and USB outlets in permanent bedroom.

STYLE

- Bench seats in Obsidian fabric.
- 4 matching cushions.

OBSIDIAN

Fabric bench seats.
(examples pages 7 and 11)

Cushions

4 CHOOSE TURNKEY PACKS

Make life simpler for yourself! Choose the pack that best suits your needs and hit the road straight away!

FORD® TRAIL PACK

NEW

Includes:

- Grey cab.
- Black stylish Ford® grille.
- Black protection strip on the front doors.
- 16" black alloy rims.
- Trail sticker on the doors.
- Grey lower front bumper.

GRAND COMFORT PACK

ESSENTIAL OPTIONS FOR GREATER COMFORT!

Includes:

STORAGE AREA FITTINGS:

- One light.
- 1 x 230 V power outlet.
- Stowage bars for all your equipment.
- Hot/cold water shower.

AWNING.

DUCKBOARD.

FOLDING TOWEL RACK.

BUILT-IN WASTE BIN WITH COMPARTMENTING ACCESSORIES.

FROST-PROOF WASTE WATER TANK.

AUTOMATIC TRUMA® CRASH SENSOR REGULATOR/SWITCH.

5 ADD OPTIONS TO SUIT YOUR NEEDS AND PREFERENCES

- Light chassis derated to 3.55 t.
- All-season tyres (with snowflake - requires Ford® Trail Pack see above).
- 105 Ah lithium battery and one 100 W monocrystalline TOPCon high performance solar panel.
- Additional 100 W monocrystalline TOPCon solar panel.
- Truma® Combi D 6E heating (6,000 W hot water/boiler) hybrid (Diesel/230 V).
- Electric drop-down bed with slat base in the lounge except A650D: standard).
- 2-bike rack.
- Additional sleeping capacity in the lounge (for 1 person).
- 36-litre oven/grill.
- Galet bench seat.

GALET

Fabric back and imitation leather seat

3 ENJOY STANDARD FEATURES

CHASSIS – ENGINE

- Fiat® CCS chassis: 140 hp engine with manual transmission.
- AL-KO® chassis: 140 or 180 hp engine (depending on model) with automatic transmission (with 16" rims).
- ABS: Antilock Braking System.
- ASR: Anti-Slip Regulation (traction control).
- ESP: Electronic Stability Program (prevents skidding).
- Traction+ with downhill speed limiter.
- 90-litre diesel tank.

EXTERIOR

- Fog lights and daylight running lights.
- 15" steel rims (except with AL-KO® chassis: 16" rims).
- Puncture repair kit.
- All-season tyres (with snowflake).
- LED exterior lighting.

CAB FITTINGS

- Electric, auto-defrost wing mirrors.
- Driver and passenger air bags.
- Cruise control and speed limiter.
- Manual air-conditioning.
- Carpeted floor.
- Steering wheel controls.
- Height-adjustable swivel seats.

LIVING AREA FITTINGS

- ISOTEK bodywork – see pages 42-43.
- Living area door with window, flyscreen and 2-point central locking.
- Foldaway electric entry step.
- Sliding blinds in the cab (with privacy position for A-class models).
- LED lighting (direct and indirect).
- Window above bench seat on passenger side.

MULTIMEDIA

- Xperience 2.0 digital control panel.
- Wired for: car radio antenna, cab/living area speakers, reversing camera, solar panel, automatic satellite dish and 4G router.
- Adjustable TV bracket with power supply.

POWER

- Truma® heating (model matches vehicle).
- Compartment for 2 x 13 kg gas bottles.
- Truma® Regulator - Crash Sensor.
- Booster for fast battery recharging.

LOUNGE

- Panoramic skylight.
- High-density foam bench seats and height-adjustable headrest.

KITCHEN

- Soft-close drawers with pot drawer.
- Stainless steel sink with cover.
- Spice rack.
- Refrigerator (model matches vehicle).
- 2-hob gas stove top with cover: 1/1.7 kW or 1.5/2.5 kW, depending on model.
- 230 V and USB outlets.

BATHROOM

- Concealing skylight with flyscreen.
- Toilet with removable cassette® on castors.
- Hooks.
- 230 V power outlet.

BEDROOM

- Slat base, comfort mattress and reading lights for permanent beds.
- Bed insert between twin beds.
- 230 V and USB outlets in permanent bedroom.

BENEFITS OF A-CLASS MODELS:

- Truma® Combi D 6E heating (6,000 W hot water/boiler) hybrid (Diesel/230 V).
- 150 or 158 L compression refrigerator, depending on model (optional on some low-profiles).
- Tyre pressure monitoring system (TPMS) (except on AL-KO® chassis: optional). Electric parking brake (except on AL-KO® chassis).
- Driver's door with 2-point central locking and electric windows.
- AGUTI® height-adjustable swivel seats.
- Living area door entry lighting.
- Front drop-down bed.
- Frost-proof and heated waste water tank.

BENEFITS OF A-CLASS MODELS ON AL-KO® CHASSIS:

- Heavy 4.5 t chassis with reinforced front suspension (optional on G741 and standard on G781).
- Lighting, bars and 230 V power outlet in the storage area.
- Hot/cold water shower in the storage area.
- Duckboard and folding towel rack.
- 16" steel rims.
- Imitation leather steering wheel and aluminium grey air vents.
- Built-in waste bin with compartmenting accessories.
- Lighting in the bedroom wardrobe.

BENEFITS OF LOW-PROFILE MODELS:

- Truma® heating (gas water heater/boiler): Combi 4 (4,000 W) or Combi 6 (6,000 W), depending on model.
- Absorption refrigerator: 133, 141 or 142-litre, depending on model.
- Front bumper painted to match the bodywork.
- Headlight rims.
- White cab and grille.
- Central locking and electric front windows.
- Wide-angle and blind spot wing mirrors (optional on A-class).
- Skydome.

4 CHOOSE TURNKEY PACKS

Make life simpler for yourself! Choose the pack that best suits your needs and hit the road straight away!

START PACK⁽¹⁾

ESSENTIAL OPTIONS FOR A READY-TO-DRIVE VEHICLE!

Includes:

- 1 x 95 Ah AGM cell battery.
- 1 x 100 W high-efficiency monocrystalline TOPCon solar panel.
- 7" Pioneer® car radio, compatible with Apple Car Play/Android Auto.
- DAB antenna.
- Reversing camera.
- Cab and living area speakers.

BOOST PACK⁽²⁾

NEW

BEST OPTIONS FOR ENHANCED VEHICLE PERFORMANCE!

Includes:

- 1 x 200 Ah lithium cell battery.
- 2 x 100 W high-efficiency monocrystalline TOPCon solar panels.
- 9" Pioneer® car radio, compatible with Apple Car Play/Android Auto.
- GPS (via smartphone app).
- DAB antenna.
- Reversing camera.
- Cab and living area speakers.

GRAND CONFORT PACK⁽³⁾

ESSENTIAL OPTIONS FOR GREATER COMFORT!

Included for low-profile and A-class vehicles:

STORAGE AREA FITTINGS:

- One light.
- 1 x 230 V power outlet.
- Stowage bars for all your equipment.
- Hot/cold water shower.

FOLDING TOWEL RACK.

DUCKBOARD.

BUILT-IN WASTE BIN WITH COMPARTMENTING ACCESSORIES.

Included for low-profile vehicles:

FROST-PROOF WASTE WATER TANK (standard on A-class)

AUTOMATIC TRUMA® CRASH SENSOR REGULATOR/ SWITCH.

SIDE SKIRT STORAGE DRAWER

AWNING

Included for A-class vehicles:

WARDROBE LIGHTING

(1) Only in low-profile vehicles. (2) Only in A-class vehicles. (3) Not compatible with AL-KO® chassis.

5 ADD OPTIONS TO SUIT YOUR NEEDS

POWER

Two engine types for optimum driving comfort:

140 hp

Standard on all Pilote motorhomes (except G781 which have 180 hp engines as standard). The best option for drivers wanting the best ratio of fuel consumption to performance.

180 hp

Engine must be combined with automatic transmission. This option is available for most vehicles. For those who want to travel far and wide with complete peace of mind and are looking for optimal performance.

THE FIAT® EURO 6E-BIS

The smaller, quieter and economical Multijet engines (Fiat® Euro 6E-Bis) improve fuel consumption and meet the latest applicable environmental standards, which have even more stringent requirements in terms of vehicles' CO₂ emissions.

TRANSMISSION

MANUAL

Comes standard on all Pilote vehicles (except AL-KO® chassis: automatic transmission). Ideal for traditional driving.

AUTOMATIC

New Fiat® 8-speed transmission for enhanced driving comfort. Available with all engines and must be combined with 16" alloy rims.

VEHICLE WEIGHT

3.5 T

Comes standard on all low-profile and A-class vehicles (except G781 which are 4.5 t rated as standard). A class-B licence allows you to drive vehicles in this category.

Would you like to increase your loading capacity and add all the options wish for to improve the comfort and range of your vehicle? Then choose one of the heavy vehicles shown below:

3.65 T

Option available for all of our low-profile and A-class motorhomes on a Fiat® chassis with 140 hp (manual or automatic transmission) and with 180 hp (automatic transmission only). A class-C licence is required for this option.

4.25 T

Option available for all of our low-profile motorhomes on a Fiat® chassis with 140 hp and an automatic transmission. A class-C licence is required for this option.

4.4 T - 4.5 T

Standard feature on the G781 models and optional feature on some other vehicles. Opt for the Heavy chassis for even greater safety, loading weight and towing capacity. The 4.4 T chassis on the Fiat® CCS and the 4.5 T chassis on the AL-KO® require a 180 hp engine, automatic transmission and 16" aluminium rims. A class-C licence is required for this option.

AND PREFERENCES

POWER

BATTERY

AGM

A robust, reliable battery that is resistant to vibrations and shaking, as well as changes in temperature. It offers excellent value for money and does not require any special maintenance. Available in 95 Ah, on low-profile vehicles only.

LITHIUM

This smaller, lighter battery delivers superior performance in terms of power storage and supply, and recharges faster. Available in 105 Ah and 200 Ah on low-profile⁽¹⁾ and 200 Ah or 300* Ah on A-class⁽²⁾ vehicles.

100 W SOLAR PANELS

(1) 105 Ah only on P620D, P690S and P720P. (2) 200 Ah only on G690D.

HIGH EFFICIENCY

These panels feature high performance TOPCon cell technology that considerably improves their efficiency.

HEATING

TRUMA® 4 OR 6

Europe's most compact air and water heater, runs on gas. Standard on low-profile vehicles.

TRUMA® D 6E

Hybrid heater that runs on diesel (taken directly from vehicle fuel tank) and on electricity (230 V). Standard on A-class and optional on low-profile vehicles.

ALDE® D

Hybrid heater that runs on diesel and electricity. Option available on A-class and low-profile vehicles 7.40 m or longer, for maximum heating comfort. Heat exchanger and engine preheating pump included.

MULTIMEDIA

CAR RADIO — COMPATIBLE WITH APPLE CAR PLAY AND ANDROID AUTO:

PIONEER®

Leading brand for automotive audio systems. Available in 7" without GPS (still compatible with Apple Car Play and Android Auto) or 9" with GPS (must be connected to a smartphone).

FIAT®

Larger 10" screen with GPS. Fiat® car radio includes:

- Automatic air-conditioning.
- Induction charger.
- Digital dashboard.

Included in Pioneer® and Fiat® car radios:

DAB ANTENNA

For more radio products, greater quality and a wider network coverage.

CAB AND LIVING AREA SPEAKERS

REVERSING CAMERA

SMART TV

TV WITH SATELLITE DISH AND INBUILT DECODER

85 cm diameter dish mounted on the roof. It gives you access, through the decoder, to various channel packages (free and paid) broadcast by satellites within range.

TV WITH 4G/WIFI ANTENNA

Small antenna mounted on the roof. It gives you optimised access to Wi-Fi internet when you insert a SIM card in the internal case. Contact your internet provider for details and to select the best plan for you.

A-CLASS AND LOW-PROFILE

5 ADD OPTIONS TO SUIT YOUR NEEDS

CAB COLOUR

WHITE CAB

Standard on low-profile and A-class vehicles together with a white grille. An optional black grille is available.

BLACK CAB

Optional on low-profile vehicles only. Combined with a black grille.

STYLE

Choose outstanding materials to create a style that suits you.

PYLA STYLE

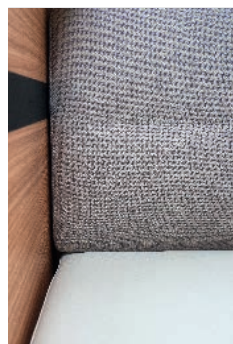

ANNECY STYLE

LOUNGE – BENCH SEATS

COTTAGE

Bench seats in solid coloured fabric

SAND

Fabric back and imitation leather seat (example p. 35)

CLAY

Bench seats in solid coloured imitation leather (examples p. 19, 23 and 31)

ZENITH

Fabric bench seats - 2 colours

GALET

Fabric back and imitation leather seat

AND PREFERENCES

BERTHS

DROP-DOWN BED

Optional for many low-profile vehicles (standard for some low-profile and all A-class vehicles). Ideal for four people travelling together maintaining two separate sleeping areas. Max. permitted weight on the bed: 200 kg.

OCCASIONAL BED IN THE LOUNGE (DINETTE BED)

This provides an occasional bed in the lounge. Optional on all vehicles; standard with AL-KO® chassis.

ELECTRICALLY HEIGHT ADJUSTABLE STORAGE AREA UNDER THE CENTRE BED

Ideal for adding some extra space in the storage area.

KITCHEN

GAS OVEN/GRILL

Optional on all vehicles.

COOKER HOOD WITH LED

Optional on all vehicles.

BUILT-IN WASTE BIN

Optional on all vehicles (standard with AL-KO® chassis). Includes accessories to divide the bin space.

BATHROOM

DUCKBOARD

In the shower. Optional on all vehicles (standard with AL-KO® chassis).

FOLDING TOWEL RACK

Optional on all vehicles (standard with AL-KO® chassis).

STORAGE

SIDE SKIRT STORAGE DRAWER

Provides plenty of handy extra storage space. Ideal for storing chocks, hoses and your dirty shoes... so as not to dirty the storage area.

Option available for all vehicles (except AL-KO® chassis).

STORAGE AREA

- One light.
- One 230 V power outlet.
- Stowage bars for all your equipment.
- Hot/cold water shower in the storage area.

Equipment available for all vehicles (standard on AL-KO® chassis).

VOTED PILOTE OF THE YEAR

THE ÉVIDENCE EDITION

Unanimously voted your next Pilote.

Evidence is a selection of vehicles that are ready to go, fitted as standard with the options preferred by the Pilote community and all at a reduced price: automatic transmission, awning, skirt drawer, electric drop-down bed, 6,000 W Truma® Combi D6E hot water / heating, compression refrigerator...

Come discover the Evidence edition models at your dealer or at www.pilote-motorhome.uk
