DEAR MOTORHOME ENTHUSIASTS,

In 1961, RAPIDO's very first motorhome was born: the Randonneur 410. In the 65 years and 3 generations since then, our family-owned French company has worked hard to give you the best possible recreational vehicle experience.

RAPIDO stands out from the rest with its quality furnishings, comfort and inviting styles, while continuing to deliver functionality so you can enjoy year-round travel.

Our expertise in recreational vehicles enables us to offer you one of the largest ranges on the market. Our vehicles include MERCEDES A-Class models, campervans, compact models, low-profile motorhomes, and A-Class models with single and double floors. When you buy a RAPIDO, you can be confident it will maintain its value over time.

We are very proud to unveil our new 2026 Collection featuring seven 65th Anniversary models alongside our new, completely redesigned Series 8F and 80dF. This collection also launches two new models delivering even more customisable comfort: the V62 campervan and the 850F A-Class motorhome.

We can't wait to continue our journey with you.
